## Yoobee School of Design

Diploma of Web Development  
2014

I have attended Yoobee since the beginning of 2014. This has been such a great place to learn valuable Industry skills. I am completing the Diploma of Web Development (1 year Course)

## St Kentigern College

NCEA Level 1, 2 & 3  
2007 - 2013

I attended St Kentigern from 2007 to 2013, and completed all my NCEA requirements here. This is where I grew to love design and technology, studying subjects like: Digital Media, Design, Photography, Modeling & Statistics, Media Studies and English

Endorsement

NCEA Level 2 Excellence  
Endorsement

NCEA Level 3 Merit  
Endorsement

2013 Visual Arts - Photography  
Prize

## PhotoCentre Operator

Harvey Norman

July 2013 – October 2014 (1 year and 4 months)

My work at Harvey Norman included managing the PhotoCentre, selling to and helping customers, managing photo orders and customer issues, using Photoshop and Adobe Creative suite to retouch and restore customer photographs. This was a role I found very enjoyable as I love connecting with people and finding creative solutions, especially around the busy Christmas period. Being able to work with such a supportive group of people really got me out of my shell in terms of teamwork and confidence.

A few of the skills I gained from this role are as follows: **Customer service, problem solving, team work, time management, working under pressure and time constraints.**

## Volunteer: Builder

Habitat For Humanity

June 2013 – July 2014 (2 week trip)

For two weeks I had the once in a lifetime opportunity to go to Fiji with a group of fellow students and build two houses for a family in need through the Habitat for Humanity programme. This was not only an amazing experience but an eye-opener to how lucky we really are. I have high aspirations of going back overseas one day and persuing more volunteer work. This took a lot of hard work and paitence and was not at all luxurious two week holiday but I gained so much from this adventure that the gratitude from the family was a reward in itself.

A few of the skills I gained from this experience are as follows: **Team work, time management, planning and organization skills.**

## Volunteer: Tutor/Mentor

Dingwall Trust

March 2012 – October 2013 (1 year and 7 months)

During 2012 and 2013 I was part of Dingwall Trust, an organisation which provides a range of services to support children and young people in need of care. This involved mentoring and tutoring foster children for whom became a very wonderful part of my life. Helping with homework, giving advice and playing games were all part of this volunteer work. I had such an amazing time helping out with this organisation and learnt a lot of amazing communication skills.

A few of the skills I gained from this experience are as follows: **Communication - both written and verbal, teaching/tutoring and mentoring skills, people skills (Becoming personable, easy to talk to and very empathetic.)**
